Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:
• Purchasing resources to support the explicit teaching of reading;
• Purchasing additional teacher aide time to provide intensive intervention to students that require support in literacy/numeracy;
• Monitoring of reading data of all students every 5 weeks; and
• Building teacher capability through: mentoring of graduate teacher with lead teacher; implementing a differentiated coaching and feedback model; and providing targeted professional development including peer visits.
